

Thank You

I would like to send a huge thank you to the doctors, staff and support personnel of the Antalya Yasam Hastaneleri who looked after my mother after she had taken ill during a holiday in Kemer.

My mother stayed 20 days in ICU and on the ward, and the help, support and care she received was first class. I would like to thank the staff, nurses and support on Floor 4 each of whom looked after my mother with great care and attention. A big thank you to Ilknur, Maviş, Giğdem, Kader, Eçe, Feysa, Jenel and Emine, apologies if I have missed anyone.

A big thank you also goes to Edita and the International Admissions Team who helped me daily with insurance, relocating my mothers belongings and repatriation. A big Thank you.

Your care, professionalism and compassion shown to my mother was truly World Class, and from the heart I thank you for all you have done.

Kalpten teşekkürler

Love ❤️,
